our academic theme

November is the month when we study seasons and times of day! Some months are too hot, some months are too cold and some months are just right! Our kids will focus on seasons and weather and identify the differences. They will also learn symbols associated with each season and the clothing that people wear during particular months.

Special Activities!

FANTASTIC DAY – THANKSGIVING!

The concept behind Thanksgiving ceremony celebration, held with a massive zeal in every nook and corner of U.S. and Canada, is similar to the August Moon Festival in China, Tet Trung Thu in Vietnam, Succoth in Jew, Kwanzaa in Africa, Pongal in India and Chuseok in Korea. The list is endless. The only difference in the festivals is date, rituals and customs but the reason behind it remains the same, to thank God for a huge fruitful harvest.

SHIK is going to celebrate Thanksgiving with the world through the appreciation of food and worldwide Thanksgiving activities designed not only for the children to learn from but enjoy as well! Our Thanksgiving celebration will be **on the 25th of November 2016.**

FIRE DRILL at Sunshine House

SHIK is going to have a Fire Drill!

For our little ones, the Fire drills at school might seem to just be another fantastic day activity but they are extremely important. Students and teachers practice safe ways to exit the building over and over again. They practice leaving in single file and walking quietly so that safety instructions can be heard. Knowing how to safely exit the building makes it become second nature to exit in an orderly fashion and will in the end save many lives if a real emergency arises.

Our fire drill schedule is on **18th of November 2016.**
