our academic theme

For our February academic theme – we are on the move with the different modes of transportation and the terrain. It's going to be another fun-filled and informative month especially because of how children feel about "Lighting McQueen!" – but we are not just focusing on cars but all transportation in general.

Special Activities!

February 17th – **Sunshine House Garden Project!** We welcome spring with our children planting seedlings and hopefully help them grow by tending to them on a weekly basis. This will be a continuing weekly project to encourage and inspire our kids to care for our environment and learn responsibility even at their tender age. This will also double as a Family Day where all you parents are invited to plant some seedlings with your child! Details to follow.

February 24th - **Sunshine House Go Go Go!** A mini parade where kids will show off their little "rides" and celebrate the day with activities that reflect the month's academic theme – transportation.

birthday parties

February 17th – **Birthday Celebration**
