Our academic theme

Preschoolers/Kindergarteners love to dress up and do what they see adults do! This month promises another fun topic – The Community and Community Workers. Our kids will be familiarized with the people working in our neighborhoods and how they actually can help all of us. We have prepared a load of fun-activities for our kids to have them appreciate and remember the immediate world around them – the community and the people who keep the wheels turning on a daily basis! People work in the country, people work in the town, people work day and night to make the world go round!

Special Activities!

April 21st – Community Workers Day! On this day, we will have guests to speak to us about the important roles they play in the community and have role plays plus simulation activities to follow! It's going to be another fun day!

Birthday parties
