our academic theme

May celebrates OUR ENVIRONMENT and the world we live in. The children learn about how the world grows – from the littlest flower to the biggest mountain ranges and volcanoes.

Appreciate the beauty of water forms and learn to take care of this one world that we have.

Graduation Day is finally here! As sad as we are to let go of our little ones who have been part of our lives for years, we know that we have to let go as they have their future ahead of them and so much to learn and explore! We are inviting everyone to join our Graduation ceremonies on the 31st of May – Tuesday from 9.30 – 11 am and watch your little ones perform for the graduates as well!
