September

our academic theme

September is another month of exciting learning focusing on the body and its different parts. The children can learn body parts using various songs, games and activities. These basic anatomy lessons teach our children how to recognize body parts and understand their use. Kids can expect experiments in their science classes, fun language games in their English and ERW classes and many interesting activities that they can do in their other classes.

birthday parties

*** Celebrants' info

*** As always, we would like to invite the family of the September celebrants to join us as we celebrate this special occasion. Please don't forget to double check everything you need to prepare before the party!

What to prepare:

- (1) Birthday cake for your child.
- (2) One (1) exchange gift for each of the other celebrants for the month!
- (3) Five (5) of your child's photos on or before 25th of September.

Special Schedule for Extra- Curricular Activities!

FANTASTIC DAY - MID- AUTUMN FESTIVAL!

Next to TET, the Mid- autumn festival is the second most famous festival in Vietnam and it is a traditional celebration for Vietnamese children.

It is an opportunity for members of the family to be together and share quality family time. The young generation expresses their gratitude to the older generation.

SHIK will be celebrating this festival with performances from our children, a lion dance and games. We are looking forward to share this occasion not only with the children but also with you parents on the 15th of September.

Please confirm your attendance to this affair not later than the 9th of September. Thank you!
