

# newsletter NOVEMBER

## Our academic theme

Kids are exposed to the many changes that come with the seasons every day of their lives, so why not use what they already know to teach them valuable lessons in the classroom? Lessons this month incorporate spring, summer, fall, and winter into daily activities and focus on specific aspects of the seasons help children relate nature and their environment to their own lives. They also help kids to understand the reasons behind the seasons and the holidays that occur during the said seasons.

## Special Activities!

We are taking advantage of the prolonged wonderful autumn weather!! Sunshine House Ciputra is scheduled to visit its sister school in Long Bien – Sunshine House Thach Ban on the 9<sup>th</sup> of November! It's going to be a fun playdate for the children in both schools to get to know one another and play in the huge and beautiful playground together!

On that day, please dress the children in their complete uniforms, send a bottle of water in their backpacks and a little snack if need be!

## Birthday parties
