MARCH 2019

Our Academic Theme

A N I M A L S

Anyone who has spent any time with young children would have a difficult time denying the fascination young children, from very early in development, have with animals. How often have your walks been interrupted by your child's questions about animals they see around them? To satisfy our children's curiosity and fascination, this month's theme is all about creatures great and small! Our children will be taking away knowledge and appreciation about the creatures that share the world we live in!

BIRTHDAY PARTY

TIME: 2:30 PM - 3:15 PM

Six (6) of your child's photos on or before 12th of Mar (Tuesday)

SPECIAL SCHEDULE

FANTASTIC DAY

SHIK GO GREEN

MARCH 22, 2019

This month's Fantastic Day promises fun and learning as the children explore the world of REUSE, REDUCE, RECYCLE!

FIELD TRIP - 29 MAR 2019

To continue with our Go Green theme ... we received an invitation to Ket's (one of our students in PreK) farm where our kids will have a chance to get their hands dirty planting vegetables, release excess energy by playing in the big garden and playground and enjoy the sumptuous buffet that we will have there! We will be on our way back after lunch so half-day babies should be picked up at 2.30 on that day!

MEET THOSE WHO MAKE THE MAGIC HAPPEN AT
SUNSHINE HOUSE
TEACHER AILEEN

Our dedicated ERW (Early Reading and Writing) and SCIENCE teacher who is very particular with the reading and writing skills of our children is none other than our very pretty Teacher Aileen! Our kids are focused when they enter the ERW classroom and are aware that they will have to put in some effort in learning the letters, the word families and their sounds. T. Aileen demands nothing but the best attempts from our kids and continually encourages them to do better and to reach higher!

It is rare and very beneficial to have a teacher who not only is adept at what she does but is also a trained professional nurse! Before answering the call to teaching, Teacher Aileen was a nurse who worked in different hospitals in the Philippines. She graduated from her nursing course in 2008 from Manila Central University but after 5 years in the nursing profession, she tried her hand at teaching English hence possessing a TESOL Certificate and started teaching at an international bilingual school in Hanoi. But still was missing something until she finally joined SHIK! Here, she found her home with the little babies and children. But as things go with Teacher Aileen, she wasn't satisfied with her experience and existing knowledge, she wanted to know more about our little clientele and how to serve them better - she completed her Diploma in Early Childhood Care and Education in 2018 thus equipping her with the essential skills and related knowledge with regard to her newfound calling TEACHING little ones!
