Our Academic Theme

Family and Housing

This October, we focus our attention on family and housing and things in the house!

What happens at home is EVERYTHING to our kids. Preschool family activities can and should be talked about in preschool! This gives your kids the opportunity to talk about the people most important to them and also helps them realize that family, the people we live with, is something we all have in common, regardless of how our families look!

This month's lessons are also focused on their homes and things in the home for the kids to get familiar with and to spark and encourage them to help out mom and dad with the house chores!
