OUR ACADEMIC THEME

All about me

Our bodies are more than what we see when we look in the mirror – there are different parts that have different jobs, but each part works together so you can eat, sleep, sit in class and play with friends.

Our September theme brings the joy of learning more about our bodies being pretty amazing things! While there's lots happening on the outside that we can see, such as scratching an itch, eating lunch with our friends at school and running outdoors, there's even more happening inside. This month, our kids will find out more about their internal organs, and about their five senses! These basic anatomy lessons teach our children how to recognize body parts and understand their functions. Kids can expect experiments and in their Science classes, fun language games in their English classes and many interesting activities that they can do in their other classes as well!

BIRTHDAY PARTY

4th September

Our celebrants for the month are:

1. Dao Gia Minh – 17th Sep 2014
2. Duong Quang Cu – 8th Sep 2017
3. Jirata Timhirach – 25h Sep 2016

We are sorry parents but we are still going to celebrate our birthday parties without you. We would like to avoid unnecessary exposure to the kids. Thank you for understanding.

- **TIME:** 2:30 pm
- **PLACE:** SHIK Gym

* Please bring your child's cake in the morning or anytime before the party.

** Please send 3 photos of your child on or before the 2nd of September.

SEPTEMBER SCHEDULE OF ACTIVITIES

MID-AUTUMN FESTIVAL

25th September 2020

In Vietnam the Mid-Autumn Festival is the happiest day for children, during which parents buy their children various types of lanterns, snacks and funny masks.

It is celebrated by worshipping the god of the earth, carrying around carp-shaped lanterns, watching the lion dance and eating moon cake!

Our child will experience this festive Vietnamese tradition as it was meant to be!
